

Package ‘NCIgraphData’

April 20, 2016

Title Data for the NCIgraph software package

Version 1.6.0

Created 2011-04-01

Author Laurent Jacob

Maintainer Laurent Jacob <laurent.jacob@gmail.com>

Description Provides pathways from the NCI Pathways Database as R graph objects

License GPL-3

LazyData yes

Depends R (>= 2.10.0)

Suggests Rgraphviz

biocViews NCI

NeedsCompilation no

NCI.cyList	<i>Raw NCI networks from Nature curated pathways and BioCarta imported as graphNEL objects</i>
------------	--

Description

A list of graphNEL objects read from Cytoscape using the CytoscapeRPC Cytoscape plugin in combination with the RCytoscape bioconductor package. This list contains 460 of the NCI-Nature curated and BioCarta imported pathways of the NCI PID.

Usage

```
NCI.cyList
```

Format

A list of 460 graphNEL objects.

Author(s)

Laurent Jacob

Examples

```
data("NCI-cyList")
length(NCI.cyList)

library(Rgraphviz)
plot(NCI.cyList[[1]])
```

```
reactome.cyList
```

Raw NCI networks from reactome as graphNEL objects

Description

A list of graphNEL objects read from Cytoscape using the CytoscapeRPC Cytoscape plugin in combination with the RCytoscape bioconductor package. This list contains 487 of the Reactome pathways of the NCI PID.

Usage

```
reactome.cyList
```

Format

A list of 460 graphNEL objects.

Author(s)

Laurent Jacob

Examples

```
data("reactome-cyList")
length(reactome.cyList)

library(Rgraphviz)
plot(reactome.cyList[[1]])
```
