

Package 'lydata'

April 13, 2017

Title Example Dataset for crossmeta Package

Version 1.0.0

Author Alex Pickering

Maintainer Alex Pickering <alexvpickering@gmail.com>

Description Raw data downloaded from GEO for the compound LY294002.
Raw data is from multiple platforms from Affymetrix and
Illumina. This data is used to illustrate the cross-platform
meta-analysis of microarray data using the crossmeta package.
